

# Mahonia 'Soft Caress'

*Mahonia eurybracteata* 'Soft Caress' PPAF

NOVALIS®  
Plants  
that Work®

AVAILABLE IN 1 and 3-GALLON

Few plants offer the texture that 'Soft Caress' provides the shade garden. Slender, bamboo-like foliage forms an evergreen, medium-sized shrub. In early winter racemes of bright-yellow flowers stand atop the foliage like fingers of light. Perfect for an Asian garden or as a single specimen, 'Soft Caress' has its roots in Japan.

Another great selection from our good friends at ItSaul Plants!

- Feathery foliage for the shade garden
- Bright yellow flowers in early winter
- A unique new selection!
